“Christian before the cross loses his burden.”

As a token of our sincere appreciation,
we dedicate this volume of the
Asburian to

MR. W. W. CARY

who has so unselfishly given his time and
his effort to Asbury College.

D E D I C A T I O N

—“And the end thereof is victory, and eternal life.”

To perpetuate the pleasant memory of the accomplishments, the inspiration, and the happiness which this year has brought is the mission of the 1932 ASBURIAN. ✓ ✓ ✓ ✓

John Bunyan's PILGRIM'S PROGRESS has been chosen as the theme of this book since it richly typifies the spiritual life of a Christian as well as the life of Asbury herself. ✓ ✓

In Memoriam

John Wesley Hughes

Born May 16, 1852

Died February 22, 1932

As Abram of old went into a strange country at the call of Jehovah, so John Wesley Hughes, by sheer faith in God, attempted the seeming impossible. Without funds or educational approval, he founded Asbury College, which was to blend into a beautiful unity a careful training of the mind with holiness of heart and life. Dauntless in spirit, mighty in faith, with a passion for the souls of men, he "belongs to the ages" and to God.

Conservatory of Music

Asbury College is especially fortunate in having as one of its special departments an excellent conservatory of music with a talented and well-trained faculty. It is the purpose of the Asbury Conservatory of Music to develop scholarly musicians and artists. All courses are designed to give the students the broadest possible culture and the opportunity to become thoroughly equipped as soloists and teachers.

The recitals given by those who are receiving diplomas and degrees give much pleasure both to the students and to the people of the town. The music for chapel services and for other gatherings on the campus is furnished by members of the Conservatory. Not only is the talent appreciated by those of the college but the glee clubs and college quartet under the direction of members of the Conservatory faculty have met with much favor on their tours throughout the United States.

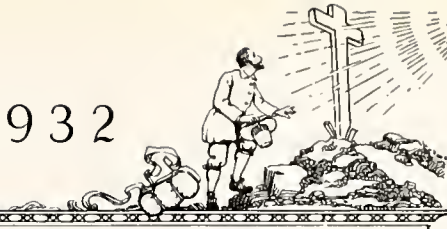

“Christian and Hopeful join company.”

Synedria

In Asbury College, five years ago, a group of men, who were not preparing to enter the ministry, organized a club known as Synedria. The purpose of this club is to establish a better spirit of friendliness, and to strengthen the ideals of Christian living in college as well as in professional life.

Dean J. B. Kenyon and Mr. W. W. Cary, business manager of the College, have very ably sponsored Synedria this year; proving by their lives to be a real source of inspiration to the men of the club.

Topics of general and vital interest are discussed in the weekly meetings, which are open to every college layman. Here from time to time, noted men, who are authorities in the various fields, are invited to speak, thus adding a real contribution to Asbury's life.

FRANCES E. RICE
President

MABEL COPPOCK
Vice-President

Big Sister Club

Every Big Sister of Asbury College endeavors to be a friend of inspiration and comfort to her new college sisters, not only in what she does but in what she encourages them to do and be. She seeks primarily to give, not to take; to help, not to be helped; to minister, and not to be ministered unto.

Various house meetings and social functions are held throughout the year by the club, in which the girls become not only better acquainted with each other, but they also learn to know the entire college body better.

The lives of all are thus enriched by the living of the Big Sister Club's creed, which reads, "The more we love and serve, the better we are; and the greater our friendships are, the nearer we are to God."

SENIOR BOYS

The senior basketball team is one of the snappiest on the local floor. Fast passing and plenty of fighting spirit mixed with cool head-work have carried the boys to more than one clear-cut victory. The sportsmanship shown in every game is worthy of recognition. This fighting machine, composed of five "Red and Black" cogs have nobly upheld their record of past years, and every Senior is proud of his team.

SENIOR GIRLS

Characterized by their usual fighting spirit, the Bulldogs, former runners-up for the championship, steadily forged their way toward the victor's crown. This year they added several new players to their line-up, and there was a consequent display of unexpected latent ability. They were constantly aggressive, yet, because of the clean-cut brand of ball they played, it was a pleasure to meet this formidable aggregation on the floor.

JUNIOR BOYS

Hard, consistent playing marks the performance of the junior team. Others may soar to dazzling heights of "super-playing" only to sink again into the gloom of "tough breaks," but the Grey Wolves continue their steady and often invincible gait. Often considered as "under dogs," they repeatedly have upset the confident hopes of championship aspirants. In fact, they threaten to have some very definite ideas concerning a championship for themselves this year.

JUNIOR GIRLS

The most outstanding characteristics of the team that bears the colors of the Class of '33 are their splendid sportsmanship, smooth passwork, and determined fighting. Instead of their strength soaring or waning on various occasions, steady and persistent playing is shown on the part of every girl. These traits developed the more by consistent practice have given the junior girls a good showing and make them a team to be feared.

SOPHOMORE BOYS

The sophomore Yellow Jackets suffered a severe blow in the early stages of the season when they lost the services of their star center, Cliff Barnes. But with undaunted courage they readjusted their line-up and immediately set out to prove that they were still of championship calibre. The team of '34 shows an excellent knowledge of the finer points of basketball which places it far above an average team.

SOPHOMORE GIRLS

The absence this year of four charter members had no effect upon the spirits of the Sophomore girls' team. They reorganized and, with hard fighting and determination, have pushed forward until their team is one of the best organized on Asbury's floor. The Class of '34 offers basketball material that is above the average, and no doubt they will prove their right to some titles and honors that can be earned in this sport.

FRESHMAN BOYS

The Class of '35 comes to us from various parts of the country with every expectation of putting out a winning team. Each individual man has shown a marvelous exhibition of true sportsmanship in being a good loser as well as a good winner. The future holds great possibilities for these Asbury "cubs," and by working together from season to season they should become a team to be feared on the basketball floor.

FRESHMAN GIRLS

Conclusively disproving the statement that all Freshmen lack experience, the Freshman girls' team present to Asbury's intramural activities a strong group of players. Because of the excellent material found in every position, this team has been able to roll up good scores in every game. Their passwork, due to steady and persistent practice, is fast becoming a science. From all appearances the "Tigreesses" will have their share of victories on Asbury's hardwood.

SEMINARY BOYS

The Seminary team is composed of veteran basketball players who gained their training through four years of effort on the college floor. Their playing, both on the defensive and offensive, has made an excellent showing, making the games in which they participate interesting and exciting. The Purple and White players show hard fighting and good sportsmanship, which have given them the record as a team of no mean ability.

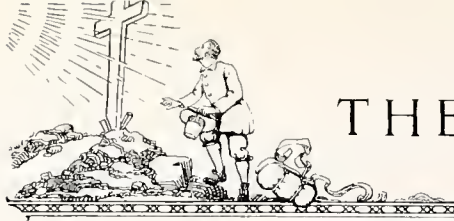

COLE, BLITCH, MORGAN, DOUGHERTY, KULL, STOKES,
LANG, MACRORY

Tennis

With each succeeding year, tennis has grown in popularity among the students of Asbury College. It is recognized as one of the most profitable as well as enjoyable of sports, and the fall and spring tournaments are met with much enthusiasm. The Men's and Women's Singles were won by M. Stokes and D. Cole, who well deserve the title of championship. The outstanding playing of the others have also won them letters.

Senior-Sophomore Boys

The Senior-Sophomore combination is unusually fortunate in having almost a complete line-up of veterans with which to begin work this year. Add to the already proved ability of these boys in batting and fielding, good sportsmanship and cooperation and you have a team that will be hard to beat. According to all predictions, the Senior-Sophomore Nine has an excellent chance to emerge victorious at the close of the season.

WESTERFIELD, WHITE, CLINGEN, HIGH, SIMPSON, COPELAND
MILLARD, DEPAGTER, FRASER, BEAMAN, KENNAN

Junior-Freshman Boys

The Junior-Freshman baseball team is somewhat handicapped this year as only two players of former years have returned. However, there seems to be plenty of good material among the new men, and a little intensive practice should reveal new stars on Asbury's diamond. There is little doubt but that this group will give the other teams cause for worry in their run for the championship.

Year After Year **More Electric Power for Less Money**

SPELL-BINDING oratory never lowered a price or bettered a product.

But steadily, for fifty years, the electric light and power industry of the United States has been doing both.

Each year it continues to supply more electric energy to users for less money.

Each year the industry, by following this policy, increases the lead of the United States over all other nations in the use and enjoyment of electric service.
